

**Kalgin Global Logistics FreightSafe Warranty & Extended Warranty
Terms & Conditions**

General

1. Kalgin will provide to the Customer a limited guarantee against loss or damage to Goods during the Carriage for which it is liable including while the Goods are in the control and/or possession of Kalgin or their contractors and agents for the purpose of carriage, subject to the terms and conditions set out hereunder, hereinunder referred to as the **FreightSafe Warranty**.
2. The FreightSafe Warranty can be applied as needed or by default to every consignment booked for Carriage, eligible for purchase up to a maximum of AUD\$50,000 per consignment.
3. The FreightSafe Warranty is in place from when the Goods are first moved outside of the premises at which loading takes place for the purpose of being immediately loaded onto the conveying vehicle, ending when the Goods are last moved when being delivered at the destination point associated with the freight booking, or any earlier point where the ordinary course of transit has been interrupted.
4. In the circumstances where the loss or damage to Goods is partly caused by an event or incident that is the responsibility of Kalgin under these terms and conditions, but also partly caused by an event outside its reasonable control, Kalgin will assess the extent to which its actions or inactions have caused or contributed to the loss or damage suffered by the Customer and the extent to which the loss or damage was caused by something that was not within the control of Kalgin (i.e. a natural disaster event). Claims under the FreightSafe Warranty will be assessed on this basis and an offer to compensate the Customer will be made for the share of responsibility that Kalgin has for causing or contributing to the loss or damage.
